Transfer Out Entity

Laws dictate when, and sometimes how, transfers occur within the federal government. The law may specify a particular transfer or provide general transfer authority within specified limits. These transfers occur for a variety of reasons, such as reorganization or even the purchase and sale of goods and services. OMB Circular A-11, Section 20.4j explains budgetary reporting of such transfers and describes the basic types of transfers as being either expenditure or non-expenditure.

This scenario illustrates a Transfer Out Entity with current year authority.
