Presenters

- Richard Yancy - Fiscal Service, Card Acquiring Service, Program Manager
- Kyle Howat - Vantiv, Sr. Leader of Client Implementations
- Tanya Biles - Vantiv, Leader of Merchant Implementations
- Tammy Oslica - Shared Accounting Module, Agency Support Analyst
Presentation Outline

• Message from the CAS Program Manager
• Prepare for Conversion
• What to Expect During Conversion
• Success Tips for Conversion
• SAM information
Questions & Answers

• Please submit your questions through the “Chat” feature on the webinar
• If you do not have access to the WebEx, submit your questions to the CAS Outreach Mailbox:
  CardAcquiringService@fiscal.treasury.gov
• All questions that are not answered during the webinar will be answered via the FAQ document.
Welcome Message from CAS
CAS Conversion Webinar

Richard Yancy
March 23, 2017
CAS Program Message

• Welcome and Thank-you from CAS Program Manager, Richard Yancy

• Summary of February 16, CAS Financial Agent Conversion Agency Overview

• This webinar provides details about your conversion

• Vantiv Support is a simple phone call away
Prepare for Conversion

• Send email to Vantiv Conversion Team with your dates and corresponding Merchant IDs at the following address:

    MerchantBankConversionTeam@vantiv.com

    – Remember to include all Merchant IDs and your date(s) for Self-Service
    – If no Merchant IDs are provided, the entire agency will be deemed Self-Service
    – If date(s) change email the Vantiv Conversion Team

• Agency will receive a confirmation from the Vantiv Conversion Team
Prepare for Conversion

• Each Merchant will be receiving a Configuration Summary Spreadsheet from Card Acquiring Service the week of April 10, 2017

• Open communication lines with agency partners of upcoming dates
  – Internal Support Teams (e.g., IT Teams)
  – Third Party VARs
## Configuration Summary Example

| ID   | Chain | New Chain | Agency Name/Bureau                | Agency Code | Wave | Chain Name | Old Store Street | Old Store Address2 | Old Store City | Old Store State | Old Store Zip | New Merchant ID | Old Terminal ID | New Terminal ID | Terminal Type | Status (In progress, Complete) | SAM UPDATE Y/N |
|------|-------|-----------|-----------------------------------|-------------|------|------------|------------------|-------------------|-----------------|----------------|--------------|----------------|----------------|----------------|--------------|----------------|------------------|----------------|

Your new Terminal ID is needed for conversion.
During Conversion

• Track your agency conversion progress independently

• Vantiv Conversion Team will reach out for status within 2 weeks days of the chosen completion date

• Please forward the completed Configuration Summary back to CAS Outreach Mailbox: CardAcquiringService@fiscal.treasury.gov

• Ensure that the Shared Accounting Module (SAM) updates have been made, if applicable
Suggestions for Successful Conversion

• Select a time of day that does not impact business operations
  – We recommend allowing 30-60 minutes (10 minutes per terminal)

• Have the following items available:
  – Terminal Conversion Guide
  – Configuration summary with your new Terminal IDs (TIDs)

• Call Vantiv Conversion Team with any questions or issues at (800) 824-4317
Suggestions for Successful Conversion

• VAR Conversion
  – Engage the Third Party Vendor early in the process
  – Vantiv will provide a Third Party Vendor sheet to agency for VAR use
  – Expectation is the VAR updates will be within the assigned Wave
  – The Conversion Project team (Vantiv, CAS) is available to meet with the vendor for question and answer session

Walkthrough Terminal Update

• Walk through Ingenico Terminal update
• Steps are comparable for the VeriFone Terminal
ATTENTION! Before You Get Started

• Make sure that you have ample time to perform this download. You will **not** be able to process transactions on the terminal once the download process begins.
  • IP Downloads take approximately 5-6 minutes
  • Dial Downloads take approximately 10-15 minutes
• Settle any open transactions. Terminal downloads will delete any open batches and the transactions within.

Helpful Hints:
• Most of the buttons to be pressed will be circled in red.
• Your screen should match the screen on the instructions, besides your unique Terminal ID (TID) number.
Ingenico Terminals
Step 1

From the main processing screen press the “F” key on the key Pad

*** Important – Please ensure your batch is settled before you attempt any downloads***
Step 2

Terminal will prompt you to enter the Admin Password. (V123456)

- To change a numeric character to an alpha character, press the “F” key after choosing the numeric key that corresponds to the alpha character needed.
- For example to make the letter V, start by pressing the 8 key and then pressing the “F” key 3x, this will change the 8 to a “V”.

Press Enter/Green Function Key once you enter the Password.
Step 3

At the Functions Menu, Press “3-TADU” and then press the green enter key.
Step 4

Press “0-Configure”
Step 5

Press “1- Partial”, and press the green enter key.
Step 6

Determine if you are connected via a Dial or IP Connection (Dynamic or Static).

- If line is going into the “ETH” jack of the line adaptor, then IP (figure 1) – Proceed to Step 7 IP – Slide 13

- If line is going into the “Phone In” jack of the line adaptor, then Dial (figure 2) – Proceed to Step 7 Dial – Slide 10
Step 7 Dial

Press “0-Dial”, and press the green enter key.
Step 8 Dial

- Download phone number is 18002547170
- (If the number is incorrect, press and hold the yellow key on the keypad to remove number), then enter the number above
- If you are required to dial a 9 or 8 for outside line be sure to include in front of the number
- Then press the green enter key
Step 9 Dial

Press “0-Highest” for the dial speed, then press the green enter key.

Proceed to Step 12 – Slide 22
Step 7 IP

Press “1-Ethernet”, and press the green enter key.
Step 8 IP (Dynamic)

• Choose the IP type that applies to the setup at the merchant location.

• Most case it will be Dynamic. If you are not certain choose Dynamic, by pressing “0-Dynamic”.

• Press the green enter key once selection has been made.

• If Static, please proceed to Step 8 IP (Static) – Slide 18
Step 9 IP (Dynamic)

- Type in the Host/IP name **TDV1.FTPSLLC.COM**
- To create alpha characters choose the corresponding number first, then use the “F” key to change to letters
- Press the green enter key when complete.
- Press the green enter key when prompted on Model name
- **Note:** The period (.) character is located above the green enter key.
Step 10 IP (Dynamic)

Host Port will be “8013”, press the green enter key to continue.
Step 11 IP (Dynamic)

On SSL Screen press “1-Off”, then press green enter key.

Proceed to Step 12 – Slide 22
Step 8 IP (Static)

Press “1-Static IP”, and press the green enter key.
Step 9 IP (Static)

• Enter your Local IP Address (Figure 1), press green Enter button

• Enter your Default Gateway Address (Figure 2), press green Enter button

Note: To enter the “.” between numbers, press the # key
Step 10 IP (Static)

- Enter IP Mask Address (Figure 1), press green Enter button

- Enter Primary DNS Address (Figure 2), press green Enter button
Step 11 IP (Static)

• Enter Secondary DNS Address, press green Enter button (Figure 1)

• Type in the Host/IP name TDV1.FTPSLLC.COM (Figure 2)

• To create alpha characters choose the corresponding number first, then use the “F” key to change to letters

• The period (.) character is located above the green enter key.

• Press the green enter key when complete.

• Proceed to Step 12 – Slide 22
Step 12

At Model Screen, it should reflect ICT220, press green enter key to continue.
Step 13

At Application Screen, press green enter key to continue.
Step 14

Type in the terminal ID for the merchant you want to load in the terminal and the press the green enter key.

Note: This information will be obtained from the Configuration Summary under New Terminal ID. The Terminal ID is **unique by location and individual terminal.**
Step 15

Start the download by pressing “1-Download” and then press the green enter key.
Step 16

• If Dial terminal, the terminal will dial out for connection (Figure 1)

• If IP terminal, the terminal will connect (Figure 2)
Step 17

Once the download is in progress the terminal will display a series of dashes; you will see the dashes turn into stars (***********)
Step 18 – Complete!

Once the partial download is complete the terminal will display “Download Done”, at this point the terminal will reboot and will return back to the main screen.

Run a test transaction and verify the truncated Merchant ID and Terminal ID are correct on the receipt.
Verifone Terminals
Does your Vx520 have Dial Connectivity?

• If line is going into the jack corresponding to the “Phone” (see picture to right), then you are connected via a Dial Connection

• Please refer to the “VX520 Partial Download Instructions – Dial” for steps to follow for update
Does your Vx520 have IP Connectivity?

• If line is going into the jack corresponding to the “ETH” (see picture to right), then you are connected via an IP Connection

• Please refer to the “VX520 Download Instructions – IP” for steps to follow for update
Shared Accounting Module (SAM)
CAS Conversion Webinar

Tammy Oslica
March 23, 2017
Purpose Statement

The purpose of this presentation is to review SAM core functionality and the steps required to update your SAM cash flow profiles as a result of the upcoming CAS Merchant ID (MIDs) conversion.
Presentation Outline

- SAM Application Overview
- Cash Flow Profile (CFP) Overview
- Next Steps
Application Overview

• SAM is a web-based application that facilitates the process of validating or deriving TAS/BETC combinations to classify transactions reported by Federal Program Agencies (FPA) in real time.

• To complete this objective SAM operates in one of three modes:
  – Validation
  – Translation
  – Default
Application Overview

Validation Mode

• SAM validates TAS/BETC data received on IPAC and Payment transactions.

Translation Mode

• SAM translates classification keys (C-Keys) into TAS/BETC data for Collections, RITS and TRACS transactions.

Default Mode

• SAM defaults transactions in the event a TAS/BETC or C-Key cannot be validated (Collection and Payment transactions default to F3500 and IPAC transactions default to F3502).

U.S. DEPARTMENT OF THE TREASURY
Cash Flow Profile (CFP) Overview

Cash Flow Profiles are centered around translating a classification key (C-Key) into a TAS/BETC. C-Key’s are comprised of two components which include the C-Key Name and C-Key Value. Below are examples of existing C-Key formats.

<table>
<thead>
<tr>
<th>STP Code</th>
<th>C-Key Name</th>
<th>C-Key Value*</th>
</tr>
</thead>
<tbody>
<tr>
<td>CAS</td>
<td>Merchant ID</td>
<td>4445000123456</td>
</tr>
<tr>
<td>PAYGOV</td>
<td>PAYGOV ALC+2</td>
<td>999999999 + 00</td>
</tr>
<tr>
<td>ECP</td>
<td>ECP ALC+2</td>
<td>999999999 + 00</td>
</tr>
<tr>
<td>OTcNet</td>
<td>Agency Accounting Code</td>
<td>TAS/Accounting Code</td>
</tr>
</tbody>
</table>

*C-Key values shown above include (+) only to illustrate individual components.
Cash Flow Profile (CFP) Overview

SAM translates the C-Key value into component TAS/BETC.

<table>
<thead>
<tr>
<th>CashFlow</th>
<th>Description</th>
<th>System Type</th>
<th>Access Group Path</th>
<th>ALCs</th>
<th>Mechanisms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Name</td>
<td>CAS Sample CFP</td>
<td>Collection</td>
<td>SAM Access Group Name</td>
<td>12345678</td>
<td>CAS</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>CKey Name</th>
<th>Description</th>
<th>Distribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Name</td>
<td>Merchant ID</td>
<td>SP</td>
</tr>
<tr>
<td>Credit</td>
<td>XXX</td>
<td>XXXX</td>
</tr>
<tr>
<td>Debit</td>
<td>XXX</td>
<td>XXXX</td>
</tr>
</tbody>
</table>

C-Keys point to a TAS/BETC
Next Steps

• Any agency that is a CARS reporter and currently utilizes a SAM Cash Flow Profile (CFP) for Card Acquiring Services (CAS) transactions will need to make updates in SAM.

• The SAM application user that holds the Cash Flow Administrator (CFA) role will download their current CAS CFP to replace their existing MIDs with the newly assigned MIDs the CAS team will provide.

• After completing the required updates the CFA user will upload the new CFP in SAM and assign an effective date based on their CAS implementation wave.

• If you would like assistance during this process please reach out to the SAM conversion team at sam.conversion@stls.frb.org.
CAS Conversion: Wrap-Up

Next Steps

• Choose your agency conversion method
  – Self-Service, Coached, or VAR Update
• Contact VAR (Third Party Vendor), if applicable
• CAS One-day D.C. Forum – April 10, 2017
• Check your email for agency outreach of Configuration Summary Spreadsheets
• Direct any questions regarding Waves or other conversion
  – related questions to CAS Outreach Mailbox
    CardAcquiringService@fiscal.treasury.gov
• Watch the CAS website for support updates
Questions?

Please submit your questions through the “Chat” feature on the webinar.
