Cash Management Improvement Act Agreement
between
The State of Rhode Island
and
The Secretary of the Treasury,
United States Department of the Treasury

The Secretary of the Treasury, United States Department of the Treasury (hereafter ‘Secretary’), and State of Rhode Island (hereafter ‘State’), in order to implement Section 5 of the Cash Management Improvement Act of 1990, as amended (hereafter ‘Act’), agree as follows:

1.0 AGENTS OF THE AGREEMENT

1.1 The Authorized Official(s) for the State of Rhode Island shall be the State Controller, Office of Accounts and Control in all matters concerning this Agreement.

1.2 The Assistant Commissioner, Revenue Collections Management, Bureau of the Fiscal Service (Fiscal Service), U.S. Department of the Treasury, shall act as the Secretary’s representative in all matters concerning this Agreement.

2.0 AUTHORITY

2.2 The regulations codified at 31 CFR Part 205 shall apply to all matters pertaining to this Agreement, and are incorporated herein by reference. In the event of any inconsistency between this Agreement and 31 CFR Part 205, the regulations shall govern.

3.0 DURATION, AMENDING, TERMINATING, AND MISCELLANEOUS PROVISIONS

3.1 This Agreement shall take effect on 07/01/2016 and shall remain in effect until 06/30/2017.

3.2 This Agreement may be amended at any time by written, mutual consent of the State and the Fiscal Service. This Agreement shall be amended annually to incorporate new programs that qualify as major Federal assistance programs and remove programs that no longer qualify as major Federal assistance programs. A State must notify the Fiscal Service in writing within 30 days of the time the State becomes aware of a change that involves additions or deletions of programs subject to Subpart A, changes in funding techniques, and/or changes in clearance patterns. The notification must include a proposed amendment for review by the Fiscal Service.

3.3 Notwithstanding section 3.2, in the event of Federal or State non-compliance with Subpart B of 31 CFR, Part 205, the Fiscal Service may amend this Agreement at any time to incorporate additional programs and the entities that administer those programs.

3.4 This Agreement may be terminated by either party with 30 days' written notice. If this Agreement is terminated, the Fiscal Service will prescribe the funding techniques, clearance patterns, and methods for calculating interest liabilities to be used by the State.
4.0 PROGRAMS COVERED

4.1 The State's threshold and its major Federal assistance programs shall be determined based on the State's Schedule of Expenditures for Federal Awards (SEFA) and the Single Audit Report for fiscal year ending 06/30/2015.

All major Federal assistance programs shall be covered by this Agreement, unless otherwise specified in section 4.4 of this Agreement.

4.2 The State's threshold for major Federal assistance programs is $27,554,344.

The following programs meet or exceed the threshold and are not excluded in Section 4.4:

10.551 Supplemental Nutrition Assistance Program
10.555 National School Lunch Program
17.225F Unemployment Insurance -- Federal Benefit Account and Administrative Costs
17.225S Unemployment Insurance -- State Benefit Account
20.205 Highway Planning and Construction
84.010 Title I Grants to Local Educational Agencies
84.027 Special Education -- Grants to States
93.525 State Planning and Establishment Grants for the Affordable Care Act (ACA)'s Exchanges
93.558 Temporary Assistance for Needy Families
93.568 Low-Income Home Energy Assistance
93.767 Children's Health Insurance Program
93.778 Medical Assistance Program

4.3 The following programs fall below the State's threshold but have been required to be covered by Fiscal Service in accordance with the non-compliance provisions of Subpart B of 31 CFR Part 205:

There are currently no programs listed for Section 4.3.

4.4 The following programs exceed the State's threshold but have been excluded from coverage for the reason indicated:

14.117 Mortgage Insurance - Homes --- Exclusion:Non-State
14.195 Section 8 Housing --- Exclusion:Non-State
20.106 Airport Improvement Program --- Exclusion:Non-State
84.032 Federal Family Education Loans --- Exclusion:Non-State
84.083 Federal Pell Grant Program --- Exclusion:Non-State
84.288 Federal Direct Student Loan --- Exclusion:Non-Cash

5.0 ENTITIES COVERED

5.1 State agencies and instrumentalities that meet the definition of a State per 31 CFR Part 205, shall be subject to the terms of this Agreement. The following is a list of such entities that administer funds under the programs listed in Section 4.0 of this Agreement:

Department of Administration
Department of Education
Department of Human Services
Department of Labor and Training
Department of Transportation  
Office of Health and Human Services  

5.2 Entities that meet the definition of a Fiscal Agent per 31 CFR Part 205 shall be subject to the terms of this Agreement. The following is a list of Fiscal Agents that administer funds under the programs listed in the Section 4.0 of this Agreement:

FIS (Fidelity National Information Services) 93.558 Temporary Assistance for Needy Families  
Hewlett Packard 93.778 Medical Assistance Program  
Xerox 10.551 Supplemental Nutrition Assistance Program  

6.0 FUNDING TECHNIQUES  

6.1 General Terms  

6.1.1 The State shall request Federal funds in accordance with the appropriate cut-off times shown in Exhibit I to ensure funds will be received and credited to a State account by the times specified in the funding techniques. Exhibit I is incorporated by reference herein.  

6.1.2 The State shall schedule the receipt of Federal funds such that the funds are received and credited to a State account in accordance with the clearance patterns specified in Exhibit II - List of State Clearance Patterns. Exhibit II is incorporated by reference herein.  

6.1.3 In instances where the receipt of funds is scheduled for a Saturday, the State shall request funds for deposit on Friday. In instances where the receipt of funds is scheduled for a Sunday, the State shall request funds for deposit on Monday. In instances where the receipt of Federal funds is scheduled for deposit on a day when the State is not open for business, the State shall request funds for deposit the day following the scheduled day; in instances where the receipt of Federal funds is scheduled for deposit on a day when the Federal Government is not open for business, the State shall request funds for deposit the day prior to the scheduled day.  

6.1.4 Estimates and Reconciliation of Estimates: Where estimated expenditures are used to determine the amount of the drawdown, the State will indicate in the terms of the State unique funding technique how the estimated amount is determined and when and how the State will reconcile the difference between the estimate and the State's actual expenditures.  

6.1.5 Supplemental Funding: Unless otherwise defined by program rules, Supplemental Funding is the award of additional funds to provide for an increase in costs due to unforeseen circumstances.  

The State will comply with all Federal program agency policies and procedures for requesting supplemental grant funding.  

The State will comply with the following guidelines when requesting supplemental funding for the Medical Assistance Program and associated administrative payments (CFDA 93.778):  

The State must submit a revised Medicaid Program Budget Report (CMS-37) to request supplemental funding. The CMS guidelines and instructions for completing the CMS-37 are provided in Section 2600F of the State Medicaid Manual (SMM). The CMS/CO must receive the revised Form CMS-37 through the Medicaid Budget Expenditure System/Children's Budget Expenditure System (MBES/CBES) no later than 10 calendar days before the end of the quarter for which the supplemental grant award is being requested.
Additional guidance on this policy is available from the respective CMS Regional Office, U.S. Department of Health & Human Services.

The State will comply with the following guidelines when requesting supplemental funding for TANF (CFDA 93.558), CCDF (CFDA 93.575), CSE (93.563), and the FC/AA (CFDA 93.658 and CFDA 93.659) programs administered by the U.S. Department of Human Services, Administration for Children and Families (HHS/ACF):

a. Timing of the Request
A State should initiate its request for supplemental funding during a quarter as soon as it becomes aware of the fact that a shortfall does/will exist. For the TANF and CCDF grants, supplemental funding requests (estimates) may be submitted by a State, for consideration by ACF, up through and including the 15th day of the third month of the first, second or third quarter of any fiscal year. Since TANF and CCDF are block grant programs, all unawarded portions of the annual allotment will automatically be issued at the beginning of the fourth quarter. Therefore, supplemental funding requests will not be available during the fourth quarter for these programs. For the CSE and FC/AA programs, supplemental funding requests may be submitted by a state, for consideration by ACF, up through and including the 15th day of the third month of any quarter of a fiscal year.

b. Justification for the Request
The request for a supplemental funding for any of the above mentioned programs should contain a justification clearly documenting the need for the additional funding authority during the current quarter. This documentation should be in the form of State accounting records or similar documents that will show the actual expenditures through the most recent month for which such data are available, as well as the State's most accurate projection of its anticipated expenditures during the remaining month(s) of the quarter. For either the TANF or the CCDF program, the State's justification should also include an explanation of the activities requiring the obligation and/or expenditure of amounts that exceed the normal quarterly grant award restrictions and why these activities could not have been delayed until the next quarter.

c. Form Submittal
Supplemental funding requests should be made by completing the appropriate ACF quarterly report of expenditures and estimates applicable to the particular program for which the grant award request is being made.

d. Approval Process
Upon receipt of the state's request for additional funding authority for a quarter, the ACF Regional Office will promptly review the supporting documentation. If the request is properly justified, so long as ACF has adequate funding availability, the State's request will be expedited and supplemental funding will be issued within 5 days of ACF receiving the request. The State will be notified by the Regional Office when the supplemental award has been transmitted to the Payment Management System (PMS) and when it may initiate drawdowns against the supplemental funding.

Additional guidance on this policy is provided in the U.S. Department of Health & Human Services, Administration for Children and Families, letter (May 19, 2004) to State Administrators from the Deputy Assistant Secretary for Administration.

6.1.6 Supplemental Grant Awards
The state shall comply with all federal funding agency policies and procedures for requesting supplemental grant awards. Upon approval of its request for a supplemental grant award, the state shall request funds in accordance with the component funding techniques outlined in this agreement if the state has not disbursed any funds. If the state has disbursed any funds prior to the approved supplemental grant award, it can draw a lump sum amount equal to the amount
6.2 Description of Funding Techniques

6.2.1 The following are terms under which standard funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Actual Clearance, ZBA - ACH

The State shall request funds such that they are deposited by ACH in a State account on the settlement date of payments issued by the State. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the request shall be for the amount of funds that clear the State’s account on the settlement date. This funding technique is interest neutral.

Average Clearance

The State shall request funds such that they are deposited by ACH on the dollar-weighted average day of clearance for the disbursement, in accordance with the clearance pattern specified in Exhibit II. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the request shall be for the exact amount of that disbursement. This funding technique is interest neutral.

6.2.2 The following are terms under which funding techniques for administrative costs shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

There are no funding techniques listed in Section 6.2.2

6.2.3 The following are terms under which miscellaneous funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

There are no funding techniques listed in Section 6.2.3

6.2.4 The following are terms under which State unique funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Bi-weekly Draws

The State shall draw down funds for allocated, indirect, and incidental administrative costs at bi-weekly intervals. The request shall be made on each state payday and in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of funds drawn each bi-weekly period for allocated, indirect costs and incidental administrative costs shall be a prorata share of the quarterly grant award for such costs. The quarterly grant award shall be prorated based on the number of paydays in each calendar quarter. This funding technique is interest neutral.

6.2.5 The estimated clearance pattern is calculated in accordance with Section 7.0 of this agreement and is based upon actual historical data for each program covered by this funding methodology. This methodology calculates clearance factors accounting for 100% of the actual historical disbursement data used. The clearance factors calculated for each program are applied to current actual disbursements of the same program. Therefore, no reconciliation to actual is necessary.

6.3 Application of Funding Techniques to Programs
6.3.1 The State shall apply the following funding techniques when requesting Federal funds for the component cash flows of the programs listed in sections 4.2 and 4.3 of this Agreement.

6.3.2 Programs

Below are programs listed in Section 4.2 and Section 4.3.

10.551 Supplemental Nutrition Assistance Program
Recipient: Department of Human Services
% of Funds Agency Receives: 100.00
Component: Payments to Beneficiaries
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

10.555 National School Lunch Program
Recipient: Department of Education
% of Funds Agency Receives: 100.00
Component: Payments to Local Education Agencies
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

17.225F Unemployment Insurance -- Federal Benefit Account and Administrative Costs
Recipient: Department of Labor and Training
% of Funds Agency Receives: 50.00
Component: Benefit Payments

Component: Highway Planning and Construction
Technique: Average Clearance
Average Day of Clearance: 0 Days

84.010 Title I Grants to Local Educational Agencies
Recipient: Department of Education
% of Funds Agency Receives: 100.00
Component: Payments to Local Education Agencies
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

84.027 Special Education -- Grants to States
Recipient: Department of Education
% of Funds Agency Receives: 100.00
Component: Special Education
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

93.525 State Planning and Establishment Grants for the Affordable Care Act (ACA)s Exchanges
Recipient: Department of Administration
% of Funds Agency Receives: 100.00
Component: Administrative Costs
Technique: Average Clearance
Average Day of Clearance: 0 Days

93.558 Temporary Assistance for Needy Families
Recipient: Department of Human Services
% of Funds Agency Receives: 100.00
Component: TANF
Technique: Average Clearance
Average Day of Clearance: 0 Days

93.568 Low-Income Home Energy Assistance
Recipient: Department of Human Services
% of Funds Agency Receives: 100.00
Component: LIHEAP Program Payments
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

93.767 Children's Health Insurance Program
Recipient: Department of Human Services
% of Funds Agency Receives: 100.00
Component: Medical Assistance
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

93.778 Medical Assistance Program
Recipient: Office of Health and Human Services
% of Funds Agency Receives: 100.00
Component: Medical Assistance
Technique: Actual Clearance, ZBA - ACH
Average Day of Clearance: 0 Days

6.3.3 Materiality Exemptions

Agencies exempt from coverage on the basis of materiality:

NONE.

6.4 Internal Transfer Payments:
With several programs subject to the Act, the primary State agency carrying out a program contracts with other State agencies for goods or services. The primary State agency makes payments to the vendor State agencies for goods or services rendered through internal transfer payments. All internal transfer payments for goods or services shall be incorporated into program clearance patterns and drawdowns for these payments shall be made in accordance therewith.

7.0 CLEARANCE PATTERNS

7.1 The State shall develop separate clearance patterns for each of the following:

The State shall use program specific methodology to develop program specific clearance patterns for all programs.

7.2 The following shall develop the State's clearance patterns:

The Division of Information Technology within the Department of Administration shall provide all of the data used in the determination of the appropriate clearance patterns.

7.3 The sources of data the State shall use when developing its clearance patterns are as follows:

The State's central and subsidiary accounting systems which contain the "check date" data, and the State's depository banks, at which demand deposit (checking) accounts are maintained, from which federal grant programs disbursements are made, will provide a computer tape of disbursements from the State's bank accounts to identify the date of withdrawal of funds for each check.

7.4 The State shall use the following methodology when developing its clearance patterns:

When developing each clearance pattern, the State shall track at least 99% of the funds disbursed, from issuance to clearance, for a period of at least three months.

7.4.1 The data references in section 7.3 will be analyzed and in the event that a specific programs disbursements by ACH are equal to 90% or greater than the clearance pattern Actual Clearance ZBA ACH will be used. In the event that a specific programs disbursements by ACH is 50% or greater but less than 90% the clearance pattern of Average Clearance will be used.

In the event that a specific programs disbursements by Check is less than 50% than the following process will be used. The following data is to be used:
Disbursement check number,
Payee name,
Check (preparation) date,
Check amount,
Check payment date for federal grant program disbursements only.

Disbursement Pattern Development Process:
The following data is to be listed on a computer tape from the states banks:
Disbursement check number,
Check amount,
Check payment date,
Bank account number,
Bank routing number.

The Division of Information Technology within the Department of Administration will match this data with the check data for each federal grant program covered by the federal/state agreement. Upon matching data, a comparison of the check date with the payment date of each federal grant program disbursement covered by the agreement will be done. For each check, the total number of calendar days between the check date and the date of payment for each disbursement will be computed.

A separate composite clearance pattern will be developed for employee payroll disbursements. A separate computer tape with the disbursement data thereon will be obtained to develop such a clearance pattern. The composite clearance pattern for employee payroll will be used for each program listed in Section 4.2 that incurs employee payroll costs.

7.5 The State shall identify for each check or warrant (hereafter, check) in the population: (1) the date the check was released for payment; (2) the date the check was debited from the State's account, and, (3) the amount of the check.

7.6 The State shall use the following method to calculate the dollar-weighted average day of clearance:

To determine the number of days each check was outstanding (clearance time), the issue date shall be subtracted from the date the check cleared the State's account.

To determine the percentage of the disbursement paid out each day following issuance, the amount of the checks that clear the State’s account each day shall be summed and then divided by the amount of the total disbursement.

For each day following issuance, the clearance time of the checks paid out that day shall be multiplied by the percentage of the total disbursement those checks represent. This product is the clearance factor.

The dollar-weighted average day of clearance for the disbursement shall be determined by summing the clearance factor of each day following the disbursement.

7.7 The State shall adjust each clearance pattern to reflect the dollar-weighted proportion of funds paid out by EFT/Direct payroll, with the following exceptions:

None

The State shall also adjust each clearance pattern to reflect:
7.8 Each of the State's clearance patterns is calculated in calendar days.

7.9 An authorized State official shall certify that each clearance pattern developed by the State accurately corresponds to the clearance activity of the programs to which it is applied. This certification shall be provided to the Fiscal Service prior to the effective date of the Agreement. The State shall recertify its clearance patterns at least every five years.

7.10 The State shall follow the procedures of 31 CFR 205 if it has actual or constructive knowledge, at any time, that a clearance pattern does not correspond to a program's clearance activity.

8.0 INTEREST CALCULATION METHODOLOGY

8.1 General Terms

8.1.1 The State and the Secretary agree that no interest liabilities will be incurred for transfers of funds made in accordance with the procedures specified in section 6 of this Agreement where the following funding techniques are applied:

Actual Clearance, ZBA - ACH
Average Clearance
Bi-weekly Draws

8.1.2 The State shall maintain information on disbursements and receipts of funds to verify the implementation of any funding technique and document interest liabilities.

For each disbursement, the State shall be able to identify:
(1) amount of the issuance
(2) date of issuance
(3) date Federal funds are received and credited to a State account
(4) amount of Federal funds received
(5) date funds were requested

8.2 Federal Interest Liabilities

8.2.1 A Federal interest liability shall accrue from the day the State pays out its own funds for program purposes to the day Federal funds are credited to a State account. With regard to funds transferred out of the Federal Highway Trust Fund, if a State does not bill at least weekly for current project costs, the Federal interest liability shall not accrue prior to the day the State submits a request for funds.

8.2.2 The State shall use the following method to calculate Federal interest liabilities:

For all transactions where the State pays out its own funds for program purposes prior to receiving Federal funds, the State shall track each payment from the date it is paid out of a State account to the date Federal funds are subsequently credited to a State account to cover that outlay. The Federal interest liability on each payment shall be based on the difference in whole days between the two events. With Federal-State matching programs, interest shall be calculated on the Federal percentage of the disbursement.

8.3 The Unemployment Trust Fund

8.3.1 The State shall use the following method to calculate State interest liabilities on funds withdrawn from the several accounts in the Unemployment Trust Fund:
Federal and State Funds are Interest Neutral:
There are no interest earnings on funds withdrawn from the State account, as the State has implemented estimated
clearance, an interest-neutral funding technique, for such transfers. For transfers from the UTF that do not follow the
technique specified in section 6.2 and result in a positive balance of funds in a State account, the State's liability for
interest on funds withdrawn from its account in the UTF shall consist of the actual interest earnings of the benefit payment
account on the pro-rata share less the related banking costs attributed to such funds.

8.4 Refund Liabilities

8.4.1 The State shall be liable for interest on refunds from the date the refund is credited to a State account until the date
the refund is debited from the State account for program purposes. The State shall apply a $50,000 refund transaction
threshold below which the State shall not incur or calculate interest liabilities on refunds. A transaction is defined as a
single deposit.

8.4.2 For each refund, the State shall maintain information identifying:
(1) date a refund is credited to a State account
(2) date of the subsequent deposit of Federal funds against which the refund is offset
(3) amount of the refund

8.4.3 The State shall use the following methodology to calculate interest liabilities on refunds:

Refunds Deposited to Interest Neutral Programs:
With programs to which applicable interest neutral fund techniques are applied, the State interest liability shall be
based on the difference in whole days between the date the refund is deposited in a State account and the date the
refund is offset against a subsequent deposit of Federal funds.

8.5 Exemptions

8.5.1 Where more than one State agency is a recipient of Federal funds under a program, a particular State agency's
funding may be excluded from interest calculation procedures if the State agency receives an amount of funds less than 5
% of the State's threshold for major Federal assistance programs. Notwithstanding this potential exemption, however, in
no case shall less than 90% of a program's total funding be subject to interest calculation procedures.

Proration of calculations: If less than total program funding is subject to interest calculation procedures, the resulting
interest liability calculations shall be prorated to 100% of program funding.

8.6 State Interest Liabilities

8.6.1 The State shall be liable for interest on Federal funds from the date Federal funds are credited to a State account
until the date those funds are paid out for program purposes.

8.6.2 The State shall use the following method to calculate State interest liabilities on Federal funds:

8.6.2.1 Measuring Time Funds Are Held

To determine the total time Federal funds are held, the State shall measure the time between the date Federal funds are
received and credited to a State's account and the date those funds are debited from the State's account.

8.6.2.2 Source of Data
Central Accounting System:
The time period from the date federal funds are deposited to the date checks are issued shall be determined from information captured by state's central accounting system.

8.6.2.3 Standards Applied
The average daily cash balance of Federal Funds in the program's account reflects the actual activity of each draw from the date of deposit to the date of issuance or clearance, whichever is pertinent.

8.6.2.4 Calculation Procedure
Average Daily Balance:
I = ADB x R, where

I = State's total interest liability
ADB = Average Daily Balance of cash in a program's account, measured from deposit to clearance
R = Annualized rate equal to the average equivalent yields of 13-week Treasury bills auctioned during a State's fiscal year

9.0 REVERSE FLOW PROGRAMS
The State is not required to cover any reverse flow programs under the terms of this Agreement because the State does not participate in the program.

10.0 INTEREST CALCULATION COSTS

10.1 As set forth in 31 CFR 205.27, interest calculation costs are defined as those costs necessary for the actual calculation of interest, including the cost of developing and maintaining clearance patterns in support of the interest calculations. Interest calculation costs do not include expenses for normal disbursing services, such as processing of checks or maintaining records for accounting and reconciliation of cash balances, or expenses for upgrading or modernizing accounting systems. Interest calculation costs in excess of $50,000 in any year are not eligible for reimbursement, unless the State provides justification with the annual report.

10.2 The State expects to incur the following types of interest calculation costs:

1) Personal services costs at the central service and State agency levels.

2) Computer programming costs to extract interest calculation data from the accounting system and to develop interest calculation reports.
3) Computer programming costs to extract payment data from the accounting system and to develop check clearance patterns.

10.3 The State shall submit all claims for reimbursement of interest calculation costs with its Annual Report in accordance with 31 CFR 205.

11.0 NON-COMPLIANCE

11.1 The provisions of 31 CFR Part 205.29 and 31 CFR Part 205.30 shall apply in cases of non-compliance with the terms of this Agreement.

I hereby certify that an authorized State official has certified at least every five years that the "Rounded Days of Clearance" listed in Exhibit 2 of this Treasury-State Agreement:

1. Have been prepared in accordance with the standards provided in 31 CFR 205.20;
2. Accurately represent the flow of Federal funds under the Federal assistance programs to which they apply;
3. Reflect seasonal or other periodic variations in the clearance activities; and,
4. Are auditable.
