GT&C Whitelist Data Cleanse Cont’d

Next Steps
• Do not proactively edit or remove any special characters as this could reinitiate the GT&C approval process, depending on the GT&C status.
• Refrain from cutting/pasting from a Word editor until after R4.6.
• When saving a GT&C after R4.6, diacritic and accent characters will be replaced with character equivalents; when no character equivalents are available, the data will be removed
• Review the data changes after R4.6 (09/15/2022)
• Re-pull GT&Cs that have been cleansed through the external API (as needed)

R4.6 Schedule
• Email blast sent to all production users and schedule posted to the G-Invoicing Home Page
  • Production: 09/15/2022
  • QA-Current: 09/23/2022

  – The Complementary Subservice Organization is National Information Technology which hosts Treasury’s shared infrastructure that is managed for the Treasury by FRB Richmond

• Please coordinate with your G-Invoicing/IPAC POC to have one representative from your Agency request the reports from IGT@fiscal.treasury.gov or your Agency’s AIT
  – It’s not necessary to have access to a secure email tool to receive

- G-Invoicing Trading Partner Directory contains latest readiness dates
- GT&C focus should initially be on internal agency Buy/Sell transactions, and the shift focus to external Trading Partners.
