## *Appropriations Provided by a Continuing Resolution Guidance*

*Effective 2019*

*Continuing resolutions (CRs) are joint resolutions (passed by the House and the Senate and signed by the President) that provide continuing appropriations for a fiscal year. Continuing resolutions are enacted when Congress has not yet passed one or more appropriations bills for a fiscal year or when the President has vetoed congressionally passed appropriations bills. Lacking appropriations, most programs can not incur new obligations.*

- ❑ *Continuing Resolutions usually do not appropriate specific sums of money. Instead the CRs provide “formulas” for calculating the amounts available for continuing programs at minimal levels. Continuing resolutions provide funds for projects and activities. In most cases, the term “programs and projects” refers to appropriation accounts, but not always.<sup>1</sup>*

*After a CR is enacted into law, the Office of Management and Budget will issue a bulletin to automatically apportion amounts made available by the CR.<sup>2</sup> The amount available during the period covered by the CR will be further defined in the bulletin based on the law.*

Generally, warrants are not issued under a CR in anticipation that the appropriation act will be passed. However, Fiscal Service may issue a warrant under the following instances:

- ❑ *The CR covers specific mandatory federal payments or*
- ❑ *On a case by case basis after the second quarter of the fiscal year; and/or*
- ❑ *The CR covers the entire year.<sup>3</sup>*

Although a warrant may not be issued, agencies' Fund Balance With Treasury (FBWT) should be recorded under a CR. The CR entitles agencies to FBWT. [SFFAS](#) No. 7, Accounting for Revenue and Other Financing Sources and Concepts for Reconciling Budgetary and Financial Accounting, paragraph 71 states that appropriations should be recognized in capital as “unexpended appropriations” (and among assets as “funds with Treasury”) when made available for apportionment, even if a Treasury Warrant has not yet been received, or the amount has not been fully apportioned.

Furthermore, until Fiscal Service processes a warrant, agencies' FBWT will not be posted to its Central Accounting System. The balance in this account will not match CARS. However, agencies will post its normal receipt and disbursement activity using USSGL Account 101000, which should match the balance in CARS.

This scenario illustrates accounting transactions and reporting requirements agencies should use to record FBWT while under a CR.

---

<sup>1</sup> See chapter 8 of the [Government Accountability Office's](#) Appropriation Law. Usually, CRs last no longer than the first quarter of the fiscal year.

<sup>2</sup> [OMB Circular No. A-11 \(2017\)](#), Section 123.1 - 123.5
