

For JFICS access using a SecureID

If you are a DoD user or other user who accesses JFICS using a SecureID token, follow these steps:

- Go to the JFICS application logon page at <https://ifund.fms.treas.gov/jfradWeb> (Figure 1).

Figure 1.1

The screenshot shows a web browser window with the URL <https://ssologin4.fms.tr...> and a tab titled "Fiscal Service Enterprise Sin...". The page header includes the Bureau of the Fiscal Service logo and navigation links: "Change Password", "Forgot your Password?", "Forgot your User Id?", and "Register". A yellow banner indicates the login URL: "Log In To: <https://ifund.fms.treas.gov/jfradWeb>".

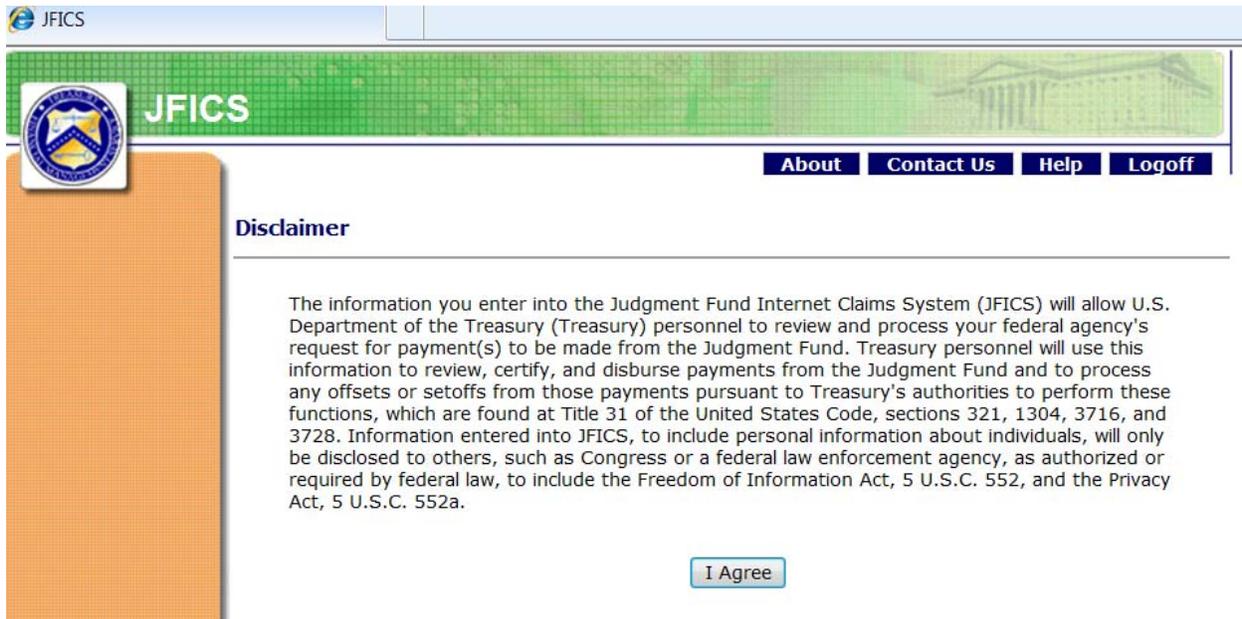

The main content area is titled "Single Sign On Password Services" and contains a section "Log In using your Fiscal Service ID:". On the left, there are two buttons: "SecurID Token" (selected) and "PKI Certificate". On the right, there is a form with the following text: "To log in using your SecurID Token, please enter your User ID and Passcode. Your Passcode consists of your PIN followed by the tokencode." Below this text are two input fields: "User ID:" and "Passcode:". At the bottom of the form are "Log In" and "Reset" buttons.

At the bottom of the page, there is a "WARNING" section with the following text: "You have accessed a U.S. Government information system, which includes (1) this computer, (2) this network, (3) all computers connected to this network, and (4) all devices and storage media attached to this network or to a computer on this network. U.S. Government information systems are provided for the processing of official U.S. Government information only. Unauthorized or improper use of this information system is prohibited and may subject you to disciplinary action, as well as civil and criminal penalties. All data contained on U.S. Government information systems is owned by the U.S. Government and may, for the purpose of protecting the rights and property of the U.S. Government, be monitored, intercepted, recorded, read, searched, copied, or captured in any manner and disclosed or used for any lawful government purpose at any time. THERE IS NO RIGHT TO PRIVACY IN THIS SYSTEM. System personnel may give to law enforcement officials any potential evidence of crime found on U.S. Government information systems. USE OF THIS SYSTEM BY ANY USER, AUTHORIZED OR UNAUTHORIZED, CONSTITUTES YOUR UNDERSTANDING AND CONSENT TO THIS MONITORING, INTERCEPTION, RECORDING, READING, COPYING, OR CAPTURING AND DISCLOSURE." Below the warning is a footer with links for "Accessibility", "Contacts", and "Privacy Policy", and the text "U. S. Department of the Treasury - Bureau of the Fiscal Service".

The browser's address bar shows the URL: <https://ssologin4.fms.treas.gov/esso/redirects/ChangePassword.html> and the zoom level is set to 100%.

- To logon with SecureID, you will need your userid + PIN + SecureID passcode. Your userid was included in the packet that was mailed to you from the Fiscal Service (previously the Financial Management Service) when you first requested JFICS access. Also at that time, an Internet link was emailed to you with instructions on how to create your 4 digit PIN. Follow those instructions to establish your PIN. Remember this PIN as you will use it every time you login to JFICS.
- Enter your userid in the first field.
- In the Passcode field, enter your 4 digit PIN followed by the random number generated by your SecureID token.
- Select "Log In." You should then see the following JFICS screen:

Figure 1.2

If you see the screen above, your JFICS login was successful. However, if you encountered problems while following these steps and you cannot reach the screen shown above, contact the Fiscal Service Help Desk at 304-480-7777 and report a SecureID token issue. Please note: *In order to receive a high-priority for your request, inform the Service Desk Analyst that you are a SecureID token user for the JFICS application. Also, mention that you are using a payment application and that your need is critical.*
