

Approve Multiple Batches in OTCnet Offline

To approve multiple batches, complete the following steps:

1. Click the **Check Processing** tab.
2. Click **Batch Management**. The *Search Batch* page appears.

Application Tip

Before you can approve a batch or multiple batches in offline mode, you must first access the **OTCnet Offline** icon on your terminal's desktop and enter your User ID and password. After you have successfully logged on, you can search for the batch.

Application Tip

To determine if your terminal is connected to the online OTCnet server, refer to the Connection Status indicator located on the top-right of the page. If the Connection Status is green, the terminal is connected to the online OTCnet server. If the Connection Status indicator is red, the terminal is not connected to the online OTCnet server.

3. Select or enter the batch search conditions you would like view.
Under **Batch Search Conditions**,
 - Select the **OTC Endpoint** you want to **Approve** by checking the check box under the **Select** columnUnder **Created On Date**, *optional*
 - Enter the **From** and **To** date range

Application Tip

The **From** and **To Created On Date** must be entered in MM/DD/YYYY format.

Application Tip

The **Created On Date** range cannot exceed 30 days. Additionally, if more than a 1,000 batches are created within 30 days then only the most recent 1,000 batches appear.

Application Tip

If you run a search **with** the default **From** and **To Created On Date** range values, the search results include the most recent 30 days of batches that you have access to view. If more than 1,000 batches are created within the 30 days, then only the most recent 1,000 batches appear.

Application Tip

If you run a search without specifying any criteria (with the exception of the **Batch ID** field), the search results include the most recent 30 days of batches that you have access to view. If more than 1,000 batches are created within 30 days, then only the most recent 1,000 batches appear.

- Enter the **Batch ID**

Application Tip

If the only search criterion entered is a valid **Batch ID**, then only a single result appears, regardless of other search criteria specified.

- Enter the **Cashier ID**

Under **Batch Status**,

- Select the **Status** you want to approve by checking the **Closed** box(es) under the **Select** column.
4. Click **Search**. The *View Batch* page appears.
 5. Click the **Batch ID** hyperlink. The *View Checks* page appears.
 6. Click the **Item ID** of each scanned check. An image of the check and details of the check appear in the window below.

Application Tip

12. An *Approve Batch* page appears verifying the batch has been approved.
13. Click **Return to Batch Summary**.

Application Tip

After a batch is approved, its status changes from **Closed** to **Approved**, except under one of these two scenarios. First, if a batch has been designated for summary level classification and the batch classification is not balanced. Second, if a batch is designated to be classified at the summary level and it is a CARS/GWA reporter, and the batch is not classified or balanced. Under these two scenarios the batch status is **Closed**. After the batch is classified and balanced, the batch can be approved.
