

Download OTCnet Offline Check Capture Software

To download the OTCnet Offline Check Capture Software in OTCnet Online, complete the following steps:

1. From the **Administration** tab, click **Manage Centralized Deployment>Download Release**. The *Download Release* page appears.
2. From the **Application** drop-down menu, select **OTCnet**.

Application Tips

- By default, the **Application** drop-down menu is set to **Firmware**.
- The OTCnet application is the OTCnet Offline check capture software.
- Before a terminal can scan checks in **OTCnet Offline**, you must download and install *both* the **Firmware** and **OTCnet** application.
- If you are upgrading OTCnet Offline, and your Agency manages verification records, you do not need to reset and download the Local Verification Database (LVD).

3. Click **Next**. The *Select Application for Download* page appears.
4. Click the **OTCnet hyperlink** to download the software as shown in Figure 1. The *Review Application Download* page appears.
